

Name: _____

Extra Credit

Watch a Science Program on TV/Online

Maximum of 5 points possible episode

You may do two episodes per semester.

Science shows such as Myth Busters, NOVA (full episodes or ScienceNow), various programs on the Discovery Channel, Science Channel, History Channel-How the Earth was Made, The Universe, Modern Marvels, etc. are great!

Make sure to include the title of the episode, channel, and air date.

Extra Credit (Maximum 5 Points)

1. Read the requirements below first!
2. Watch the episode and take notes on a separate piece of paper to help you complete the assignment.
3. When finished watching the episode, review your notes and THEN complete the form on the back of this page.
4. **Summary:** Write one **complete paragraph summary of the episode**. *Remember one paragraph is FIVE sentences, minimum.*
5. **Connections to learning:** Describe five new things you learned from the episode.
6. Only NEATLY written final products will be accepted. *Make sure to write in complete sentences.*
